Commissioner for Patents

The reply filed on 26 June 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The response does not indicate with sufficient particularity where support for the new limitation(s) is to be found in the original disclosure. See MPEP 2163.06 I. While the response does state that support for the amendment can be found "specifically pg. 4, line 10 - pg. 30, line2" [sic] a review of these pages finds that it amounts to the entirety of the "Detailed Description of the Preferred Embodiments." In effect, the indication provided is equivalent to stating that the amendment is supported by some passage located somewhere in the specification and as such lacks the clarity and precision needed to readily identify where support for the amendment is to be found in the original disclosure. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bradley L. Sisson whose telephone number is (703) 308-3978. The examiner can normally be reached on Monday through Thursday from between the hours of 6:30 a.m. to 5 p.m.
